EXPERIENCE

- **Junior UI Developer (CandorWorks Pvt. Ltd.)** – Create End-to-End Landing Pages, Maintaining and Creating WordPress website. Migrating Landing Pages to servers. Using technologies like HTML, CSS, Bootstrap, JavaScript, JQuery. Also working on React currently for our CRM Project
- **(Jan 2022 – Present)**

PROJECTS *(hyperlinks)*

- **Disease Prediction System (College Project)** – Used Python ML Models to predict the chances of disease. My role in this project was to build the whole UI/UX of the Website. Hosted the website on Heroku.
- **Ultimate Pig Game (Dice Game)** - A simple JavaScript based Dice game where two player can play together. I implemented the basic concepts like event handling and DRY.
- **ToDo List** – A simple yet elegant todo list with beautiful background gradient with functionality to add, remove and mark complete the tasks.
- **Drum Kit** - A fun site that takes key input from keyboard and plays a specific audio mapped with that key.
- **BookPod Landing Page** - A Simple Landing Page for an imaginary Book and Podcast organization named BookPod.
